

To-Do Stickies

To Upgrade: Copy your new copy of "To-Do Stickies" and replace all old copies of the application. (Wherever you have installed the application.)

Thank you for downloading To-Do Stickies! This Read-Me file will attempt to answer commonly asked questions. Feel free to send the developer an email if this does not answer your questions.

Where are my files?

To-Do Stickies can automatically save all open notes for you when you quit. These files will be saved in your Default Save Location. You can specify where this location is in the Preferences.

Support:

Support is FREE. Registered users and demo users can contact the developer by E-mail, or post a message on the To-Do Stickies Message Board. Comments and Suggestions for future enhancements are welcomed. You can expect a response to support, comments and suggestion within one business day. (usually sooner depending on my work/play schedule.)

What are the limits of the Demo version:

The demo version functions exactly like the full version except you are limited to 3 notes, and 30 items per note. Entering a valid serial number will lift this limit.

How much is a license?

\$15
You can purchase a license with your credit card or your Pay Pal account.

Version 1.4.3 Changes

- [Bug Fix] Fixes a bug that would cause the program to crash when a file is missing. (Nil Exception)
- [Bug Fix] Fixes a bug that would allow the application to shutdown on a Nil Exception.
- [New] New message console that will display errors with information to make it easier to find bugs.
- [Change] Added all new URLs and information for the move to the new website. (www.crystalballsoft.com)

Version 1.4.2 Changes

- [Bug Fix] No longer reports a file as "Missing" when you click to "Show the file on disk"
- [Bug Fix] Fixes a bug with the version checking. Those running To-Do Stickies on PPC machines will need this update to make the "Download" button on the new version notice window work again.

Version 1.4.1 Changes

- [Bug Fix] App will no longer crash when you save over an existing file.
- [Bug Fix] App will no longer crash when it loses track of a file. (Happens in rare cases)
- [Bug Fix] App will no longer crash when you try to access the "Additional Hotkeys" window.
- [Bug Fix] Fixes for other bugs and crashes.

Version 1.4.0 Changes

- [NEW] Universal Binary for systems using Mac OS X 10.4 or better. (This version will run natively on Intel based macs)
- [Bug Fix] Opening a To-Do Stickies file by double-clicking the document will no longer cause multiple copies of the document to open in To-Do Stickies if the file has been opened before.

Version 1.3.3 Changes

- [Bug Fix] Dragging an item in the list or moving an item in the list via the keyboard shortcuts no longer causes the item to become unselected.

Version 1.3.2 Changes

- [Bug Fix] Fixed a bug in Classic that would not save the Preference File (Preferences File has been renamed in Classic).
- [Bug Fix] Fixed a bug for Colored Windows that could not be resized after they were made small. You can now resize a colored window at any size.
- [Bug Fix] Fixed a crash when moving a To-Do Stickies file to the trash from the "Remove from menu" dialog.

Version Changes 1.3.1

- [Bug Fix] Duplicate Menu Items no longer appear for new note windows.

- [Bug Fix] Changing the window type in a new note will no longer cause a crash.

Version Changes 1.3.0

- [New Addition] Notes no longer have to be open all the time. You can save your notes in any location that you choose, and close them without deleting them. No more window clutter!
- [New Addition] Auto Open any notes you desire at launch. Several new preferences so To-Do Stickies will behave the way YOU want it to.
- [New Addition] You can now move your notes files to the location of your choosing. Note files can still be autosaved, but they are now base on a filename instead of an auto-generated name.
- [New Addition] A new menu "Notes" has been added to keep track of all your To-Do Stickies files, wherever they are saved on the disk.

Version Changes 1.2.4

- [Bug Fix] Metal Windows: Editfield Scroll Bars now update correctly when selecting items.
- [Bug Fix] When Deleting a the current item with the Contextual Menu the text is now cleared.
- [Bug Fix] Multi Monitor Support: Notes no longer appear off screen.
- [Bug Fix] Change Window Type: Notes are no longer positioned too high.

Version Changes 1.2.3

[Addition] Import Text File directly into To-Do Stickies. (Each line is its own note)

Version Changes 1.2.2

[Bug Fix] The Notes of Items clicked in the Completed Items Drawer do not switch between items or sometimes get erased anymore.

Version Changes 1.2.1

[Bug Fix] Items clicked in the Completed Items Drawer for Metal Windows and Normal Windows now properly display the note associated with that item.

Version Changes 1.2

[Addition] Export Notes as HTML

[Addition] Export Notes as BBcode

[Bug Fix] Fixed a bug that would gather text from completed items when exporting notes as Plain Text.

[Bug Fix] Fixed a bug that would not clear a completed item when using the space bar.

[Change] The To-Do Stickies icon now displays transparently in the About Window.

Version Changes 1.1.1

[Addition] Hot-key to move items up and down in the list.

[Addition] Hot-key to add indented item as the FIRST sub-item.

[Addition] Delete all completed items in the Completed Items Window / Drawer.

[Bug Fix] Color Label now draws darker. (Easier to see)

[Bug Fix] Fixes problems of color drawing in the Completed Items Drawer.

Please support To-Do Stickies development and purchase a license today!

To-Do Stickies Software License Agreement:

To-Do Stickies is Shareware.

You can freely distribute copies of To-Do Stickies provided you are not selling or making a profit from the copies that are being distributed. Copies of To-Do Stickies must include all documentation and files originally distributed with the software from the developers web site.

To-Do Stickies is NOT free. You are provided with a demo of To-Do Stickies that is limited to 3 Notes, and 30 items per note. Other than this limit the Demo period of To-Do Stickies is fully functional. Entering a valid serial number will lift this limit.

You may use your copy of To-Do Stickies in accordance with the registration plan you have chosen. If you have purchased a single user license you may install To-Do Stickies on ONE computer.

To-Do Stickies is provided as is, with no implied or written warranty. The To-Do Stickies developer is not responsible for data loss or other software or hardware problems that may arise from the use of the software.

Using To-Do Stickies constitutes an agreement that you will abide by the above rules and terms. This license is terminated if you do not agree with the above terms or attempt to unlawfully use To-Do Stickies by circumventing the demo limit.
